

CAVLUX CARE

PROTECTIVE COVER MAINTENANCE GUIDELINES

Protective Cover for Cavlux Rider Line Practical protection for your saddle box.

The Cavlux Rider cover has been designed to protect your box from rain, dust, and dirt – in the stable, on the paddock, during transport, and at competitions.

Key Benefits:

- Durable PES fabric – resistant to abrasion and moisture.
- YKK zippers – the global standard of quality, reliability that lasts for years.
- Easy access – practical zipper placement on the sides and the top section.
- Soft front panel – can be rolled up without removing the entire cover.
- Extra protection – inner reinforcement layer guards against minor damage.
- Convenient transport – snap fasteners with Velcro near the side and back handles.
- Easy cleaning – just a damp cloth and mild detergent are enough.

Care Instructions:

To ensure long-lasting use, please follow these guidelines:

- Do not machine-wash – clean the fabric by hand at max. 30°C using a mild detergent.
- Do not tumble-dry.
- Do not iron – if needed, use a steamer to smooth out wrinkles.
- Do not bleach or use harsh chemicals.
- Do not dry-clean.
-

Caring for YKK Zippers?

- Regular cleaning – remove dust and dirt with a soft brush or damp cloth.
- Lubrication – every 2–3 months apply zipper grease or simply rub with paraffin/wax.
- Avoid pulling – if the zipper gets stuck, do not force it; clean and lubricate it first.
- Protection from water – if heavily soaked, wipe with a dry cloth to prevent dirt build-up.
- During transport – avoid pressing heavy items against the zippers to prevent deformation.

CAVLUX CARE – BECAUSE EVERY DETAIL MATTERS.
